

Canadian University Shooting Federation Winter Trap Competition Rules

- One competition will consist of 4 rounds of Trap, each round consisting of 25 targets
- Shooters must shoot 5 targets from each station before moving on to the next
- Shooters may use a 12 gauge, 20 gauge, 28 gauge, or .410 bore shotgun
- Shooters may use #9 shot, #8 shot, or #7.5 shot
 - o It is illegal to use any shot size greater than #7.5 shot
- If there is a tie the winner will be determined in the shootoff
 - o Another round of Trap will be played between the people who have tied, after a shooter has missed two targets they are eliminated. This continues until there is only one shooter left
 - o Note: this missed targets do not have to be consecutive
